**How many times have you been told to "Get a Grip"?** Well, I have just the grip for you. I know... not the same thing. But not a bad lead in!

I just think these motorcycle grips from Grip Ace are the coolest.

With switch buttons built right into the grips you can start your motorcycle, activate self canceling turn signals, headlights, hazards, horn, LEDs, Air Rides, stereo, video cameras, Nitros, anything at all!

And the pricing can't be beat! We're discounting these at up to 39% off!! You will not find these prices anywhere... I guarantee it. **MORE**

**A woman was sitting at a bar**, enjoying an after work cocktail with her girlfriends, when an exceptionally tall, handsome, extremely sexy, young man entered.

He was so striking that the woman could not take her eyes off him.

The young man noticed her overly attentive stare and walked directly toward her.

Before she could offer her apologies for staring so rudely, he leaned over and whispered to her, "I'll do anything, absolutely anything, that you want me to do, no matter how kinky, for \$20... on one condition."

Flabbergasted, the woman asked what the condition was.

The young man replied: You have to tell me what you want me to do in just three words."

The woman considered his proposition for a moment, then slowly removed from her purse a \$20 bill, which she pressed into the young man's hand, along with her address.

She looked deeply into his eyes and slowly, meaningfully whispered... "Clean my house."

Speaking of cleaning... tired of hauling out that leaf blower to dry your bike? Well, the all-steel Blaster® Side-Kick™ features a powerful 1.3 HP motor that pumps out 18,000 feet-per-minute of warm (25-30 degrees above ambient) filtered air that will thoroughly dry a full-size road bike in minutes. No more water spots! Blast drops out of the corners of your chrome engine parts and body panel gaps. It's 9.5" high and weighs in at a hair over three lbs.... small enough to ride comfortably in a saddle-bag. Can't do that with a leaf blower! **MORE**
